

# ***Mayne Island Health Centre***

***FAMILY PHYSICIAN  
and  
NURSE PRACTITIONER  
POSITION VACANCIES***

**Here's a unique opportunity to join a well-established and dynamic Family Practice serving a diverse patient base in our idyllic Island community.**

## *Two Exciting Opportunities Available*

**We are thrilled to expand our health care team to enhance our services to the community — and welcome your interest in joining us.**

**We have an opening for a Family Physician full or part-time and a Nurse Practitioner to join the current Family Medicine Physician and her dedicated team.**

**We're flexible: Your Clinic hours and commitment can be tailored to your needs and availability.**

Blue Heron taking a bold step...

# *Mayne Island, BC – the Place to Be!*

## *Work – Life Balance*

Mayne Island offers a vibrant arts, culture and music scene as well as a wide range of recreational activities including sailing, kayaking, hiking/walking, gardening, tennis and even pickleball.

It's a wonderful place for anyone , young families and retirees alike.

The pace of life on Mayne allows time for family, friends and personal enjoyment of any other activities.

It's also a community whose backbone is volunteerism through many non-profit societies.

## *Who and Where We Are*

**Part of the Southern Gulf Islands, Mayne is situated half-way between Vancouver and Victoria and is a ferry transportation hub between and among the other Islands.**

**Mayne's permanent population of 1370 consists of a large contingent of seniors as well as a very welcome increasing number of young families.**

**A significant number of part-time residents and visitors add to the population on weekends and during the summer months.**

**Great opportunity for variety in patient care one could provide.**

## *Mayne Island Family Place*

What parents are saying about this licensed Day Care Centre:

**“My two-year-old has part-time child-care in the incredible nature-based program, and after my second maternity leave, the Family Place will allow me to return to work. It is also a community hub for families to connect.”**

**“This cozy Centre lends vibrancy and sustainability to our community, and the parents of 28 kids on our wait list are so grateful they will receive quality reliable child care.”**

## *Central Hub of Community Support*

The Clinic is part of the Mayne Island Health Centre, which offers complementary health services such as community and public health nursing, lab specimen collection, physio and massage therapy, chiropractic care and mental health counselling.

Situated next to the Health Centre, the BC Ambulance Service is available 24/7.

Our state-of-the-art firehall complements this hub of emergency support.

## *Clinic Waiting Room and Front Office Reception*

Patients are welcomed to a bright and spacious area surrounded by natural light and soothing music.

Our exceptional team of Medical Office Assistants has many years of experience supporting our health care providers and our diverse cross-section of patients – from young to aging members of our community.

In small rural settings like ours, MOAs play an integral role liaising between health care providers and our patients.

## *Treatment Room*

**This bright, large, very well-equipped Treatment Room supports everything needed to work in major and minor emergencies – very similar to a hospital ER and under the guidance and standards of Island Health.**

**Bedside Clarius US is available for Emergencies and Clinic iPad with direct RTVS RUDi connection.**

**Access to the Helipad and BC Ambulance Services is only steps away. Patient transport by air, depending on weather, can be 20 min to Victoria or by Water Ambulance alternative 1-2 hours.**

**Several regular ferry connections a day are available as well.**

# Minor Treatment Room

**This room has multiple purposes and is often used as a secondary urgent care or provider exam room.**

**It is used frequently for dressing changes, patient triage, home care clients, biopsies or other minor procedures.**

**It is a flexible, multi-functional complement to our overall space.**

## *Medications and Supply Room*

**There is no Pharmacy on the Island and the nearest one is in Sidney. We do have a local courier providing prescription pick up and delivery service three times per week.**

**The Clinic has a wide selection of necessary sample medications such as antibiotics, gastro-intestinal, respiratory and other medications a patient might need until a full prescription can be filled.**

**There are also no X-Ray services available on Mayne. Lab is available once a week.**

## ***Dr. Juliana Losier's Office and Exam Room***

**UBC Teaching Facility : Medical Students are also part of our health care team on their 3rd Year Rural Family Medicine rotation.**

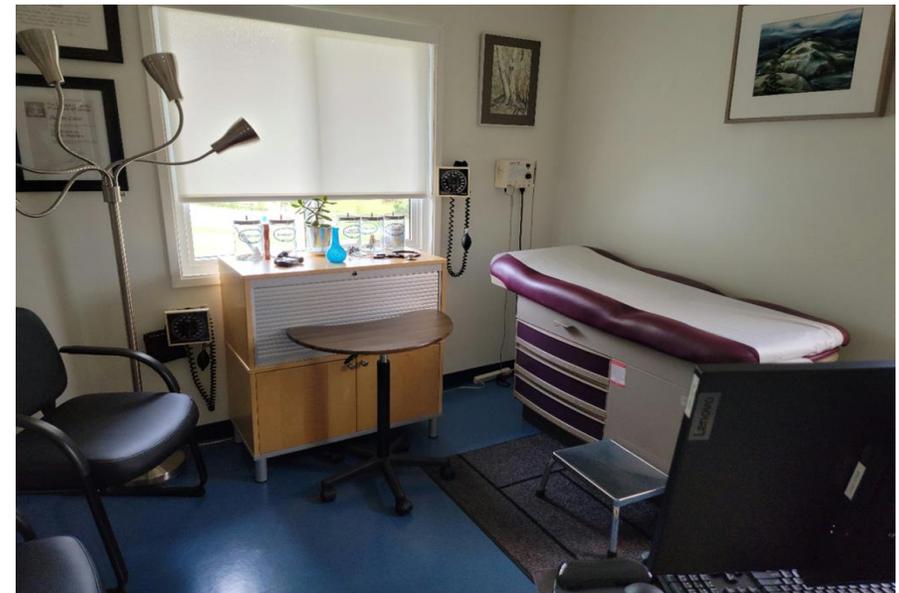

**“While a piece of me was always curious about rural practice, it is the experiences I have had during my rural family medicine rotation and electives that have confirmed my desire to be a rural family physician. For my third-year rural family practice rotation I was fortunate to join Dr. Juliana Losier on Mayne Island where I was able to experience the ins and outs of being the only physician on the island with most resources (investigations, specialists, allied health providers, higher levels of care) being a ferry ride away. “**

**“Thank you for helping to spark my passion for rural family medicine and for all of your support throughout the course of my journey”**

**With Permission from Julia Vander Heiden  
UBC Family Medicine –Vancouver island - R-1**

A private and confidential space where patients are seen in a professional and relaxing atmosphere surrounded with evidence-based, personalized holistic care.

# New Primary Care Provider's Office and Exam Room

**This large well-appointed space is comfortable and inviting to patients and families.**

**Fully equipped and ready to be used with full access to the Clinic's Accuro Electronic Medical Record System and Island Health, this space allows for ample storage and shelving that can be personalized for the Primary Care Provider's needs.**

**Accessible and private, this is a great office space for the new primary care provider. Awaiting your design and set up ideas.**

**Secondary Provider spaces are also available for an additional use.**

**Mayne Island (S,ᑕᑦᑕᑦᑕ) Health and Wellness Clinic**

**Dr. Juliana Losier (she/her)  
MD CCFP FCFP  
Rural Family Medicine  
UBC Medical Faculty**

***We acknowledge with gratitude that we live and work on S,ᑕᑦᑕᑦᑕ, known now as "Mayne Island" which is an ancestral, traditional, and unceded gathering place of many Coast Salish peoples, W̱SÁNEĆ, Hul'qumi'num, Stz'uminus, Quw'ustun, and s̓c̓awaθenaᑦᑕtəm̓x̓ Nations. We are honoured and privileged to be respectful stewards of the land and ocean in a place with such a meaningful history. We acknowledge the oppression and disparity in health care of Indigenous peoples with commitment to learning and working towards reconciliation upholding Indigenous health self-determination.***
